**Laudato Si' Aug 02 2022** Laudato Si 'is Pope Francis' second encyclical which focuses on the theme of the environment. In fact, the Holy Father in his encyclical urges all men and women of good will, the rulers and all the powerful on earth to reflect deeply on the theme of the environment and the care of our planet. This is our common home, we must take care of it and love it - the Holy Father tells us - because its end is also ours.

***The Macro Polity* Jul 29 2019** Borrowing from the perspective of macroeconomics, it treats electorates, politicians, and governments as

unitary actors, making decisions in response to the behavior of other actors. The macro and longitudinal focus makes it possible to directly connect the behaviors of electorate and government. The surprise of macro-level analysis, emerging anew in every chapter, is that order and rationality dominate explanations.

**Telemachos Feb 25 2022** Telemachos - son of Odysseus in the classical epic The Odyssey by Homer - grew up in Ithaca in ancient Greece with his mother Penelope. Meanwhile, for twenty years, his father fought at Troy and struggled through his famous adventures. Once home, Telemachos helped his father kill the invasive suitors who pillaged the family estate and sought to force the faithful Penelope into an unwanted marriage. In

**the modern story, the protagonist wandered through the second half of the 20th century on a spiritual journey to search for his soul. Michael Barrent encountered his own version of the Cyclops, Lotus Eaters, Circe, Scylla and Charybdis. He survived childhood, religious indoctrination, education, the Vietnam war, drugs, spiritual gurus and communities, and various unstable sexual relationships. Finally, he exiled the demon-entity belief-system (suitors) which controlled his memory, personality, and essence. Eventually, he found his soul mate and personal calling. The book was also inspired by the fictional journey taken by Leopold Bloom through Dublin, Ireland, on June 16th, 1904. Described in Ulysses by James Joyce, Bloom met equivalent Homeric characters, accepted the affair of his estranged wife Molly, and eventually befriended Stephen Dedaelus as a substitute son.**

**Guerrilla Analytics** Jan 15 2021 **Doing data science is difficult. Projects are typically very dynamic with requirements that change as data understanding grows. The data itself arrives piecemeal, is added to, replaced, contains undiscovered flaws and comes from a variety of sources. Teams also have mixed skill sets and tooling is often limited. Despite these disruptions, a data science team must get off the ground fast and begin demonstrating value with traceable, tested work products. This is when you need Guerrilla Analytics. In this book, you will learn about: The Guerrilla Analytics Principles: simple rules of thumb for maintaining data provenance across the entire analytics life cycle from data extraction, through analysis to reporting. Reproducible, traceable analytics: how to design and implement work products that are reproducible, testable and stand up to external scrutiny. Practice tips and war stories: 90 practice tips and 16 war stories based on real-world project challenges encountered in consulting, pre-sales and research. Preparing for battle: how to set up your team's analytics environment in terms of tooling, skill sets, workflows and conventions. Data gymnastics: over a dozen analytics patterns that your team will encounter again and again in projects**

**Financial Accounting Aug 22 2021** This book covers the principles, concepts, techniques and practical tools of financial accounting in supporting overall business decisions. Using a comprehensive theoretical framework, this book is enhanced by practical examples, exercises, chapter summaries and complex cases in each of the eleven chapters. With the International Financial Reporting Standards (IFRS) and their specific Conceptual Framework as the baseline approach, this book also highlights Romanian regulation and practice specifically. Despite the globalisation efforts, this book demonstrates that there are still discrepancies and cultural challenges and will be of interest to students and academics of financial accounting.
