Factfulness Aug 21 2021 INSTANT NEW YORK TIMES BESTSELLER "One of the most important books I've ever read—an indispensable guide to thinking clearly about the world." - Bill Gates "Hans Rosling tells the story of 'the secret silent miracle of human progress' as only he can. But Factfulness does much more than that. It also explains why progress is so often secret and silent and teaches readers how to see it clearly." —Melinda Gates "Factfulness by Hans Rosling, an outstanding international public health expert, is a hopeful book about the potential for human progress when we work off facts rather than our inherent biases." - Former U.S. President Barack Obama Factfulness: The stress-reducing habit of only carrying opinions for which you have strong supporting facts. When asked simple questions about global trends—what percentage of the world's population live in poverty; why the world's population is increasing; how many girls finish school—we systematically get the answers wrong. So wrong that a chimpanzee choosing answers at random will consistently outguess teachers, journalists, Nobel laureates, and investment bankers. In Factfulness, Professor of International Health and global TED phenomenon Hans Rosling, together with his two long-time collaborators, Anna and Ola, offers a radical new explanation of why this happens. They reveal the ten instincts that distort our perspective—from our tendency to divide the world into two camps (usually some version of us and them) to the way we consume media (where fear rules) to how we perceive progress (believing that most things are getting worse). Our problem is that we don't know what we don't know, and even our guesses are informed by unconscious and predictable biases. It turns out that the world, for all its imperfections, is in a much better state than we might think. That doesn't mean there aren't real concerns. But when we worry about everything all the time instead of embracing a worldview based on facts, we can lose our ability to focus on the things that threaten us most. Inspiring and revelatory, filled with lively anecdotes and moving stories, Factfulness is an urgent and essential book that will change the way you see the world and empower you to respond to the crises and opportunities of the future. --- "This book is my last battle in my life-long mission to fight devastating ignorance...Previously I armed myself with huge data sets, eye-opening software, an energetic learning style and a Swedish bayonet for sword-swallowing. It wasn't enough. But I hope this book will be." Hans Rosling, February 2017.

The Ultimate Catholic Quiz Aug 01 2022 This book offers a fun and challenging way to see how well you know Catholic teachings, practices, and history. Karl Keating, best-selling author and founder of Catholic Answers, presents a multiple-choice quiz with 100 questions about a wide variety of subjects connected with Catholicism. Each of the 100 intriguing questions gives five possible answers. Only one of the answers is completely correct. The book is laid out in an easy-to-read format with the question and five possible answers on one page, and the analysis of each of the five answers, noting the correct one, on the next page. The questions, and the possible answers, are written with thought, precision, and sometimes a little humor to make for engaging reading. The quiz does not pretend to be comprehensive, but the questions cover multiple areas—doctrines, morals, and customs, as well as historical events and personalities— and should provide your mind and soul with a good workout. This book will be useful for individual or group study.

We've brought together a host of fresh and intriguing questions that will test the limits of your knowledge across a huge range of subjects. The book is divided into 5 parts: Part 1 presents 400 challenging general knowledge questions, divided into 40 rounds. Part 2 introduces the "specialist rounds" at three levels of difficulty: medium, challenging and fiendish. Here you'll find questions on geography, history, sport, science and nature, literature, art and architecture, and movies and TV. There are 200 questions in 20 rounds. Part 3 brings a lighter touch with 20 "bonus round" quizzes (200 questions in total), where you'll be asked to spot connections, identify years from a series of clues, recognize famous monuments, and sort out lists of famous people, places and things. Part 4 contains 20 "family fun" quizzes (200 questions in total) that will be especially enjoyable for younger minds. There are straightforward general knowledge questions, alongside rhyming and alphabet quizzes. As a special bonus, the complete *Elsinore Books* Guess the Initial Quiz is included as the 5th part of this book. Here you'll find 200 guess the initial challenges, also known as "ditloids". At *Elsinore Books* we pride ourselves on creating beautiful e-books, and devote great attention to formatting, and ease of navigation. This book contains a cleanly-styled contents page that permits easy movement between quizzes. Each quiz occupies its own chapter, so you can move between quizzes by pressing a single button on your e-reader. You can access the answers to each quiz by following the links at the top

and bottom of the question page. On the answer pages you'll find each question rewritten and followed by its answer in bold.
