Grading for Equity Nov 08 2020 “Joe Feldman shows us how we can use grading to help students become the leaders of their own learning and lift the veil on how to succeed. . . . This must-have book will help teachers learn to implement improved, equity-focused grading for impact.” --Zaretta Hammond, Author of Culturally Responsive Teaching & The Brain Crack open the grading conversation Here at last—and none too soon—is a resource that delivers the research base, tools, and courage to tackle one of the most challenging and emotionally charged conversations in today’s schools: our inconsistent grading practices and the ways they can inadvertently perpetuate the achievement and opportunity gaps among our students. With Grading for Equity, Joe Feldman cuts to the core of the conversation, revealing how grading practices that are accurate, bias-resistant, and motivational will improve learning, minimize grade inflation, reduce failure rates, and become a lever for creating stronger teacher-student relationships and more caring classrooms. Essential reading for schoolwide and individual book study or for student advocates, Grading for Equity provides A critical historical backdrop, describing how our inherited system of grading was originally set up as a sorting mechanism to provide or deny opportunity, control students, and endorse a “fixed mindset” about students’ academic potential—practices that are still in place a century later A summary of the research on motivation and equitable teaching and learning, establishing a rock-solid foundation and a “true north” orientation toward equitable grading practices Specific grading practices that are more equitable, along with teacher examples, strategies to solve common hiccups and concerns, and evidence of effectiveness Reflection tools for facilitating individual or group engagement and understanding As Joe writes, “Grading practices are a mirror not just for students, but for us as their teachers.” Each one of us should start by asking, “What do my grading practices say about who I am and what I believe?” Then, let’s make the choice to do things differently . . . with Grading for Equity as a dog-eared reference.

Reading Assessment Program Guide For Grade 2 Aug 18 2021 The series Tools for Instructions and Reading Assessment is a companion piece to Dr. Jennifer Katz's book Teaching to Diversity. The series, which supports the three-block model of universal design for learning, offers two instructional guides, A Model Unit and Reading Assessment Program Guide for each grade from 1 to 12. The Reading Assessment Program Guide includes: 1. A guide that focuses on how to assess students' progress in reading comprehension and fluency/decoding 2. Accompanying blackline masters and grade-specific rubrics 3. Four levelled Reading Passages to use for assessment throughout the school year

Recurrent and Capital Estimates of the Government of Kwara State of Nigeria Aug 25 2019

Masters of Silence Oct 20 2021 Silence can be powerful. Kathy Kacer's second book in her middle grade series about heroic rescues during WWII tells the tale of siblings Helen and Henry, and history's most famous mime. Desperate to save them from the Nazis, Henry and Helen's mother makes the harrowing decision to take her children from their home in 1940s Germany and leave them in the care of strangers in France. The brother and sister must hide their Jewish identity to pass for orphans being fostered at a convent in the foreign land. Visits from a local mime become the children's one source of joy, especially for Henry, whose traumatic experience has left him a selective mute. When an informer gives them up, the children are forced to flee yet again from the Nazis, but this time the local mime—a not yet famous Marcel Marceau—risks everything to try to save the children. Masters of Silence shows award-winning author Kathy Kacer at the top of her craft, bringing to light the little-known story of Marceau's heroic work for the French Resistance. Marceau would go on to save hundreds of children from Nazi concentration camps and death during WWII. In characteristic Kacer style, Masters of Silence is dramatic and engaging, and highlights the courage of both those rescuing and the rescued themselves. Wenting Li's chapter heading illustrations and evocative covers provide the perfect visuals for the series.
