All Men Want to Know Sep 21 2021 'Intense, gorgeous, troubling, seductive - a novel that has to be surrendered to rather than read' Sarah Waters AN INTERNATIONAL BESTSELLER WINNER OF AN ENGLISH PEN TRANSLATES AWARD All Men Want to Know traces Nina Bouraoui's blissful childhood in Algeria, a wild, sun-soaked paradise, with hazy summer afternoons spent swimming, diving, and driving across the desert. Her mother is French, her father Algerian; when racial tensions begin to surface in their neighbourhood, her mother suffers an unspeakable act of violence that forces the family to flee the country. In Paris, eighteen-year-old Nina lives alone. It's the 1980s. Four nights a week she makes her way to The Kat, a legendary gay nightclub, where she watches women from the sidelines, afraid of her own desires, her sudden and intoxicating freedom. In her solitude, she starts to write - and finds herself writing about her mother. All Men Want to Know is a haunting, lyrical international bestseller about mothers and daughters, about shame and sexuality, about existing between two cultures and belonging to neither. A phenomenon in France, this is a defining portrait of womanhood from one of Europe's greatest living writers. 'Blown away by the power and lyricism of All Men Want to Know. What a book. Read it' Niven Govinden, author of THIS BRUTAL HOUSE 'Magnificent... a captivating autobiographical novel' Elle 'A tour de force' Le Figaro 'Haunting, spell-binding, luminous' Lire

A Need to Know Feb 24 2022 UFOs remain essentially a military and intelligence problem - and one demanding unprecedented security and deception, with access to information on a strictly 'need to know' basis. As early as 1960 former CIA director Admiral Hillenkoetter confirmed that, 'Behind the scenes, high-ranking air force officers are soberly concerned about the UFOs. But through official secrecy and ridicule, many citizens are led to believe the unknown flying objects are nonsense.' The same could be said today. Based on many years of research by one of the world's most respected authorities on alien phenomena, *Need to Know* draws on top-secret documents, reports of encounters with large craft of unknown origin from pilots and personnel aboard aircraft carriers and destroyers and interviews with high-ranking military insiders. It is full of revelations, including the alarming escalation of aircraft accidents and the disappearance of hundreds of military aircraft during UFO encounters and recent near-misses with UFOs. The evidence is clear, balanced - and irrefutable.

Ukraine Dec 25 2021 Conventional wisdom dictates that Ukraine's political crises can be traced to the linguistic differences and divided political loyalties that have long fractured the country. However, this theory obscures the true significance of Ukraine's recent civic revolution and the conflict's crucial international dimension. The 2013-14 Ukrainian revolution presented authoritarian powers in Russia with both a democratic and a geopolitical challenge. In reality, political conflict in Ukraine is reflective of global discord, stemming from differing views on state power, civil society, and democracy. Ukraine's sudden prominence in American politics has compounded an already-widespread misunderstanding of what is actually happening in the nation. In the American media, Ukraine has come to signify an inherently corrupt place, rather than a real country struggling in the face of great challenges. *Ukraine: What Everyone Needs to Know*® is an updated edition of Serhy Yekelchuk's 2015 publication, *The Conflict in Ukraine*. It addresses Ukraine's relations with the West, particularly the United States, from the perspective of Ukrainians. The book explains how independent Ukraine fell victim to crony capitalism, how its people rebelled twice in the last two decades in the name of democracy and against corruption, and why Russia reacted so aggressively to the strivings of Ukrainians. Additionally, it looks at what we know about alleged Ukrainian interference in the 2016 US presidential election, the factors behind the stunning electoral victory of the political novice Volodymyr Zelensky, and the ways in which the events leading to the impeachment proceedings against President Donald Trump have changed the Russia-Ukraine-US relationship. This volume is essential reading for anyone who wants to understand the forces that have shaped contemporary politics in this increasingly important part of Europe, as well as the international background of the impeachment proceedings in the US.

Dr. Livingston's sterling qualities are in evidence again: a clear and deep understanding of the hidden hypocrisies, desires, evasions, and emotional tumult that course through our lives; an unerring sense of

what is important; and his own ability to persevere—to hope—in a world he knows is capable of inflicting unjustifiable and lifelong suffering.
