This filmography comprehensively catalogs movies involving elements of espionage. Each entry includes release date, running time, alternate titles, cast and crew, a brief synopsis, and commentary. An introduction analyzes the development of these films and their reflection of the changing culture that spawned them.

*Inside Broadside* Aug 18 2021 Includes Susan G. Cole interviewing Gloria Steinem and writing by Margaret Atwood, Susan Crean, June Callwood, and Marian Engel. Broadside: A Feminist Review was a groundbreaking Canadian feminist newspaper published between 1979 and 1989. While Broadside paid attention to everything from feminists making art to street activism, it also covered the mainstream, from pop culture to peacemaking. The Broadside team uncovered the work of female artists and developed challenging and risky new ideas, all while participating in the day-to-day organizing of a grassroots movement. Broadside helped reinvent journalism to make room for a feminist voice. This collection looks at the impact of the newspaper on the lives of women. Through a selection of key articles, the book explores the issues and events, the conflicts and controversies, and the debates and discoveries of feminist theory and activism that formed the context and content of a decade of change.

**Tom Stoppard** Apr 13 2021 A NEW YORK TIMES CRITICS' TOP BOOK OF THE YEAR • One of our most brilliant biographers takes on one of our greatest living playwrights, drawing on a wealth of new materials and on many conversations with him. "An extraordinary record of a vital and evolving artistic life, replete with textured illuminations of the plays and their performances, and shaped by the arc of Stoppard's exhilarating engagement with the world around him, and of his eventual awakening to his own past." —Harper's Tom Stoppard is a towering and beloved literary figure. Known for his dizzying narrative inventiveness and intense attention to language, he deftly deploys art, science, history, politics, and philosophy in works that span a remarkable spectrum of literary genres: theater, radio, film, TV, journalism, and fiction. His most acclaimed creations—*Rosencrantz and Guildenstern are Dead*, *The Real Thing*, *Arcadia*, *The Coast of Utopia*, *Shakespeare in Love*—remain as fresh and moving as when they entranced their first audiences. Born in Czechoslovakia, Stoppard escaped the Nazis with his mother and spent his early years in Singapore and India before arriving in England at age eight. Skipping university, he embarked on a brilliant career, becoming close friends over the years with an astonishing array of writers, actors, directors, musicians, and political figures, from Peter O'Toole, Harold Pinter, and Stephen Spielberg to Mick Jagger and Václav Havel. Having long described himself as a "bounced Czech," Stoppard only learned late in life of his mother's Jewish family and of the relatives he lost to the Holocaust. Lee's absorbing biography seamlessly weaves Stoppard's life and work together into a vivid, insightful, and always riveting portrait of a remarkable man.

**Film Noir and the Cinema of Paranoia** Jul 17 2021 Film Noir and the Cinema of Paranoia is an overview of 20th- and 21st-century noir and fatalist film practice from 1945 onwards. The book demonstrates the ways in which American cinema has inculcated a climate of fear in our daily lives, as reinforced, starting in the 1950s, by television, and later videocassettes, the web, and the Internet, to create, by the early 21st century a hypersurveillant atmosphere in which no one can avoid the barrage of images that continually assault our senses. The book begins with the return of American soldiers from World War II, 'liberated' from war in the Pacific by the newly created atomic bomb, which will come to rule American consciousness through much of the 1950s and 1960s and then, in a newer, more small-scale way, become a fixture of terrorist hardware in the post-paranoid ear of the 21st century. Film Noir and the Cinema of Paranoia is constructed in six chapters, each highlighting a particular 'raising of the cinematic stakes' in the creation of a completely immersible universe of images. Selling points:\*Expands the definition of noir to include numerous lesser known works.\*Deals with Red Scare films of the 1950s in the US.\*Examines the 'dark side' of the 1960s, or films that questioned the emerging counterculture.\*Explores such neo-noir films as The Last

Seduction (1993), Angel Heart (1987), The Grifters (1990), Red Rock West (1993), The Usual Suspects (1995), Mulholland Drive (2001), L.A. Confidential (1997), and Memento (2000). \*Details the 'noir' aspects of the cybernetic age, both in online and videogame uses.

Desperately attempting to repair his ship hidden in a remote fjord, Everard is unaware that his son is part of an Allied naval flotilla converging on Norway, and the two are fated to join forces in a deadly arctic battle. Moving into a new and explosive phase of Everard's career, Storm Force to Narvik takes us deep into the action and danger of the Second World War.

**Last Lift from Crete** May 27 2022 Crete, May 1941. Against all odds the Everards must survive a relentless Luftwaffe assault. The situation is dire for British forces in the Mediterranean. Their ships, with no air cover, have to run the gauntlet of 2,000 German bombers; and can only lick their wounds under cover of darkness. Nick Everard commands the destroyer Tuareg as it ventures well inside Stuka territory. There they are ordered to evacuate a body of troops, plus an Australian field hospital and thirty nurses, from right under the Germans' noses. The soon-decimated flotilla has to make it round the Aegean, then out of Crete - but only a miracle can save them! Last Lift from Crete combines gripping personal drama with incredible naval action, and is a must-read for fans of Alistair MacLean and C. S. Forester. Praise for Alexander Fullerton 'Impeccable in detail and gripping in impact' Irish Independent 'His action passages are superb and he never puts a period foot wrong' Observer 'The research is unimpeachable and the scent of battle quite overwhelming' Sunday Times

**The Reluctant Spy** Jan 29 2020 Long before the waterboarding controversy exploded in the media, one CIA agent had already gone public. In a groundbreaking 2007 interview with ABC News, John Kiriakou called waterboarding torture—but admitted that it probably worked. This book, at once a confessional, an adventure story, and a chronicle of Kiriakou's life in the CIA, stands as an important, eloquent piece of testimony from a committed American patriot. In February 2002 Kiriakou was the head of counterterrorism in Pakistan. Under his command, in a spectacular raid coordinated with Pakistani agents and the CIA's best intelligence analyst, Kiriakou's field officers took down the infamous terrorist Abu Zubaydah. For days, Kiriakou became the wounded terrorist's personal "bodyguard." In circumstances stranger than fiction, as al-Qaeda agents scoured the streets for their captured leader, the best trauma surgeon in America was flown to Pakistan to make sure that Zubaydah did not die. In The Reluctant Spy, Kiriakou takes us into the fight against an enemy fueled by fanaticism. He chillingly describes what it was like inside the CIA headquarters on the morning of 9/11, the agency leaders who stepped up and those who protected their careers. And in what may be the book's most shocking revelation, he describes how the White House made plans to invade Iraq a full year before the CIA knew about it—or could attempt to stop it. Chronicling both mind-boggling mistakes and heroic acts of individual courage, The Reluctant Spy is essential reading for anyone who wishes to understand the inner workings of the U.S. intelligence apparatus, the truth behind the torture debate, and the incredible dedication of ordinary men and women doing one of the most extraordinary jobs on earth.

**The Quantum Spy: A Thriller** Feb 21 2022 "The Quantum Spy takes us to a whole new level of intrigue and espionage. It's also unbelievably timely. In short: David Ignatius knows his stuff." —Wolf Blitzer A hyper-fast quantum computer is the digital equivalent of a nuclear bomb; whoever possesses one will be able to shred any encryption and break any code in existence. The question is: who will build one first, the U.S. or China? In this gripping thriller, U.S. quantum research labs are compromised by a suspected Chinese informant, inciting a mole hunt of history-altering proportions. CIA officer Harris Chang leads the charge, pursuing his target from Singapore to Mexico and beyond. Do the leaks expose real secrets, or are they false trails meant to deceive the Chinese? The answer forces Chang to question everything he thought he knew about loyalty, morality, and the primacy of truth.

In *City Fathers*, the brutal murder of a Justice Department-sanctioned spy uncovers something new and dangerous in the sector's murky black market. Unless Dredd can stop it, chaos will be unleashed. In *Cold Light of Day*, a savage killing spree results in the deaths of two highly regarded Judges, and many consider Dredd to be responsible: a decision he made five years earlier - while he was still a cadet - has come back to haunt him. She's carrying a radio, half a million francs, a pistol and two cyanide capsules to Finistere in north-west Brittany. With D-Day looming, Rosie fears that the man who'll be meeting her on the ground tonight may be a traitor. She knows also that the likely end of the road for female agents is Ravensbrück - or l'enfer des femmes, as the Resistance calls it... the dreaded concentration camp for women. The second in the unputdownable Rosie Ewing Spy Thrillers, perfect for fans of Philip Kerr, Ian Fleming and John Le Carré.

Cloud Atlas May 15 2021 By the New York Times bestselling author of *The Bone Clocks* | Shortlisted for the Man Booker Prize A postmodern visionary and one of the leading voices in twenty-first-century fiction, David Mitchell combines flat-out adventure, a Nabokovian love of puzzles, a keen eye for character, and a taste for mind-bending, philosophical and scientific speculation in the tradition of Umberto Eco, Haruki Murakami, and Philip K. Dick. The result is brilliantly original fiction as profound as it is playful. In this groundbreaking novel, an influential favorite among a new generation of writers, Mitchell explores with daring artistry fundamental questions of reality and identity. *Cloud Atlas* begins in 1850 with Adam Ewing, an American notary voyaging from the Chatham Isles to his home in California. Along the way, Ewing is befriended by a physician, Dr. Goose, who begins to treat him for a rare species of brain parasite. . . . Abruptly, the action jumps to Belgium in 1931, where Robert Frobisher, a disinherited bisexual composer, contrives his way into the household of an infirm maestro who has a beguiling wife and a nubile daughter. . . . From there we jump to the West Coast in the 1970s and a troubled reporter named Luisa Rey, who stumbles upon a web of corporate greed and murder that threatens to claim her life. . . . And onward, with dazzling virtuosity, to an inglorious present-day England; to a Korean superstate of the near future where neocapitalism has run amok; and, finally, to a postapocalyptic Iron Age Hawaii in the last days of history. But the story doesn't end even there. The narrative then boomerangs back through centuries and space, returning by the same route, in reverse, to its starting point. Along the way, Mitchell reveals how his disparate characters connect, how their fates intertwine, and how their souls drift across time like clouds across the sky. As wild as a videogame, as mysterious as a Zen koan, *Cloud Atlas* is an unforgettable tour de force that, like its incomparable author, has transcended its cult classic status to become a worldwide phenomenon. Praise for *Cloud Atlas* "[David] Mitchell is, clearly, a genius. He writes as though at the helm of some perpetual dream machine, can evidently do anything, and his ambition is written in magma across this novel's every page."—The New York Times Book Review "One of those how-the-holy-hell-did-he-do-it? modern classics that no doubt is—and should be—read by any student of contemporary literature."—Dave Eggers "Wildly entertaining . . . a head rush, both action-packed and chillingly ruminative."—People "The novel as series of nested dolls or Chinese boxes, a puzzle-book, and yet—not just dazzling, amusing, or clever but heartbreaking and passionate, too. I've never read anything quite like it, and I'm grateful to have lived, for a while, in all its many worlds."—Michael Chabon "Cloud Atlas ought to make [Mitchell] famous on both sides of the Atlantic as a writer whose fearlessness is matched by his talent."—The Washington Post Book World "Thrilling . . . One of the biggest joys in *Cloud Atlas* is watching Mitchell sashay from genre to genre without a hitch in his dance step."—Boston Sunday Globe "Grand and elaborate . . . [Mitchell] creates a world and language at once foreign and strange, yet strikingly familiar and intimate."—Los Angeles Times

Laugh-out-loud funny, terrifying, sexy, and philosophical, *Spy Island* is the perfect comic book for anyone who enjoys travel, chardonnay, krakens, Atlantis, volcanos, scuba diving, mermaids, ghost pirates, tropical espionage, secret agents, and/or island-casual Sean Connery.\* \*Sponsored by the Bermuda Triangle Chamber of Commerce. *Spy Island* was created by NYT best-selling author, Chelsea Cain, writer of the Archie Sheridan/Gretchen Lowell thrillers, as well as *One Kick*, which was adapted for television starring Chris Noth. **At the Abyss** Dec 30 2019 “The Cold War . . . was a fight to the death,” notes Thomas C. Reed, “fought with bayonets, napalm, and high-tech weaponry of every sort—save one. It was not fought with nuclear weapons.” With global powers now engaged in cataclysmic encounters, there is no more important time for this essential, epic account of the past half century, the tense years when the world trembled *At the Abyss*. Written by an author who rose from military officer to administration insider, this is a vivid, unvarnished view of America’s fight against Communism, from the end of WWII to the closing of the Strategic Air Command, a work as full of human interest as history, rich characters as bloody conflict. Among the unforgettable figures who devised weaponry, dictated policy, or deviously spied and subverted: Whittaker Chambers—the translator whose book, *Witness*, started the hunt for bigger game: Communists in our government; Lavrenti Beria—the head of the Soviet nuclear weapons program who apparently killed Joseph Stalin; Col. Ed Hall—the leader of America’s advanced missile system, whose own brother was a Soviet spy; Adm. James Stockwell—the prisoner of war and eventual vice presidential candidate who kept his terrible secret from the Vietnamese for eight long years; Nancy Reagan—the “Queen of Hearts,” who was both loving wife and instigator of palace intrigue in her husband’s White House. From Eisenhower’s decision to beat the Russians at their own game, to the “Missile Gap” of the Kennedy Era, to Reagan’s vow to “lean on the Soviets until they go broke”—all the pivotal events of the period are portrayed in new and stunning detail with information only someone on the front lines and in backrooms could know. Yet *At the Abyss* is more than a riveting and comprehensive recounting. It is a cautionary tale for our time, a revelation of how, “those years . . . came to be known as the Cold

War, not World War III.”

**The Rainbow Orchid** Mar 13 2021 The most gripping new comic book series since Tintin. Garen Ewing’s stunning graphic novel series blends classic storytelling and historical drama with cinematic artwork in the same vein as the great Herge. An Adventure series not to be missed.

Alec de Payns is an undercover operative in the ultra-elusive French Y Division of the DGSE, a foreign intelligence service equivalent to the CIA or MI6. Code named Aguilar, de Payns is one of the division’s most accomplished agents working to neutralize international threats on a daily basis while simultaneously trying to balance his home life as a husband and father. When a routine mission to infiltrate a dangerous terrorist group unexpectedly goes belly up, Alec is faced with the unthinkable: that he may have been betrayed by someone in his close-knit team—and they may be trying to pin the blame on Alec himself. Back in Paris, Alec is assigned to investigate a secretive biological weapons facility in Pakistan which the DGSE believes to be producing a newly weaponized strain of bacteria, intended for release in France. As Alec works to uncover the facility’s secrets, he must also fight to clear his name and discover who the mole is before it’s too late. **The Actresses** Jul 25 2019 They all met again at the Drama School Reunion: the Hollywood celebrity, the out-of-work soap star, the understudy, the Shakespearian hero. Thirty-six years ago, they dreamed of the great parts awaiting them. What they did not know was that the parts would soon dry up, for the actresses. Because they had stopped being young. But: once an actress, always an actress and on this hot, summer's day it becomes clear that age does not wipe out ambition. Or desire. Or memory. Or love. So when the Reunion culminates in an accusation of rape that dominates every newspaper in the country, the past – sweet, cruel, tragic – comes flooding back, and the actresses become the stars of the story. Perceptive, shocking, gripping and wise, this could only have been written by somebody who has been there.
