Italian Literature: Il tristano panciaticchiano Jul 17 2021 The Arthurian Archives series of texts and editions in translation, edited by Norris J. Lacy, makes a start on Italian Arthurian material, with a 14c Tristan text. This is the first critical edition with English translation of the prose compilation *Tristano panciaticchiano*, preserved in a unique manuscript in the Biblioteca Nazionale of Florence (MS Panc. 33); it is the first time the Italian text has been published in its entirety in any form.

Assembled by the mid-fourteenth century, the manuscript is an original compilation in Italian based on several French models: the *Queste del San Graal*, *Josephd'Arimathie*, the *Mort Artu*, and notably, the *Roman de Tristan en prose*. While the edition itself will be of great interest, the translation into English is a major opportunity for Arthurians and other medievalists, and furnishes important new evidence for the study of Arthurian material in Italy. Apparatus includes a finding list of Arthurian manuscripts produced, owned or read by Italians; a select bibliography; and an index of proper names found in the narrative.

Figli della Bruma Jan 11 2021 *Children of the Mists* is a story of enduring love. Set in the 1800s, life on Sardinia had barely changed since the time of the Caesars. Two families, the Sannas and the Canus, are united by friendship and honour; love and laughter; joy and promises; omens and superstitions; youth and experience transcend generations. However, for Raffaella and Antonio, their passionate love becomes entangled with revenge. Death changes devotion. Promises are forgotten. Vendettas cannot be ignored. Ambition clouds judgments. Antonio and Raffaella were promised to each other, nothing would keep them apart, not even family. Committed to each other, they fight for their love against all odds... *Children of the Mists* is a gripping journey back in time that will make the perfect addition to any romance lover's collection.

'Onde Di Questo Mare' Nov 08 2020 In the half-century following Pavese's death, much that was written about him sought principally to understand and define his complex character, and to determine his place within the twentieth-century Italian literary canon. Latterly, there appears to have been a significant shift in focus towards a closer reading of individual works or aspects or periods of his writing, the better to analyse and reveal the subtleties and depth of his vision. This present collection of ten essays conforms broadly with this tendency. It is organised chronologically with regard to Pavese's life and works so as to convey a sense of the development of a writer, over and above the particular concerns of any given essay. The book features contributions from many leading experts on Pavese.

Giordano Bruno and the Kabbalah Jul 29 2022 Giordano Bruno (1548?1600), a defrocked Dominican monk, was convicted of heresy by the Roman Catholic Inquisition and burned at the stake in Rome. He had spent fifteen years wandering throughout Europe on the run from Counter-Reformation intelligence and eight years in prison under interrogation. The author of more than sixty works on mathematics, science, ethics, philosophy, metaphysics, the art of memory and

esoteric mysticism, Bruno had a profound impact on Western thought. Until now his involvement with Jewish mysticism has never been fully explored. Karen Silvia de Leçn-Jones presents an engaging and illuminating discussion of his mystical understanding and use of Jewish and Christian Kabbalah, theology, and philosophy, including the famous Hermetica, and especially his exploration and use of magic to reveal the mysteries of the universe and the divine.
