Portrait of a Thief Sep 02 2022 INSTANT NEW YORK TIMES BESTSELLER
Longlisted for the Center for Fiction's First Novel Prize Named A Most Anticipated Book of 2022 by *Marie Claire* *Washington Post* *Vulture* *NBC News* *Buzzfeed* *Veranda* *PopSugar* *Paste* *The Millions* *Bustle* *Crimereads* Goodreads* *Bookbub* *Boston.com* and more! "The thefts are engaging and surprising, and the narrative brims with international intrigue. Li, however, has delivered more than a

straight thriller here, especially in the parts that depict the despair Will and his pals feel at being displaced, overlooked, underestimated and discriminated against. This is as much a novel as a reckoning." —New York Times Book Review *Ocean's Eleven* meets *The Farewell* in *Portrait of a Thief*, a lush, lyrical heist novel inspired by the true story of Chinese art vanishing from Western museums; about diaspora, the colonization of art, and the complexity of the Chinese American identity. History is told by the conquerors. Across the Western world, museums display the spoils of war, of conquest, of colonialism: priceless pieces of art looted from other countries, kept even now. Will Chen plans to steal them back. A senior at Harvard, Will fits comfortably in his carefully curated roles: a perfect student, an art history major and sometimes artist, the eldest son who has always been his parents' American Dream. But when a mysterious Chinese benefactor reaches out with an impossible—and illegal—job offer, Will finds himself something else as well: the leader of a heist to steal back five priceless Chinese sculptures, looted from Beijing centuries ago. His crew is every heist archetype one can imagine—or at least, the closest he can get. A con artist: Irene Chen, a public policy major at Duke who can talk her way out of anything. A thief: Daniel Liang, a premed student with steady hands just as capable of lockpicking as suturing. A getaway driver: Lily Wu, an engineering major who races cars in her free time. A hacker: Alex Huang, an MIT dropout turned Silicon Valley software engineer. Each member of his crew has their own complicated relationship with China and the identity they've cultivated as Chinese Americans, but when Will asks, none of them can turn him down. Because if they succeed? They earn fifty million dollars—and a chance to make history. But if they fail, it will mean not just the loss of everything they've dreamed for themselves but yet another thwarted attempt to take back what colonialism has stolen. Equal parts beautiful, thoughtful, and thrilling, *Portrait of a Thief* is a cultural heist and an examination of Chinese American identity, as well as a necessary critique of the lingering effects of colonialism.

place. Beyond the photos and commentary by Jarvis, there are pithy musings by a select handful of subjects on the topics of art, food, community, region, culture, and film. In addition, many of the subjects share their favorite things, places, and doings in and around the Seattle that they have explored, discovered, and rediscovered time and again. Chase Jarvis is donating 100% of his artist proceeds from this book to the amazing arts and culture organization www.4culture.org.

Portrait of an Unknown Woman Jan 02 2020 In a spellbinding new masterpiece by #1 New York Times bestselling author Daniel Silva, Gabriel Allon undertakes a high-stakes search for the greatest art forger who ever lived. Legendary spy and art restorer Gabriel Allon has at long last severed ties with Israeli intelligence and settled quietly in Venice, the only place where he has ever truly known peace. His beautiful wife, Chiara, has taken over the day-to-day management of the Tiepolo Restoration Company, and their two young children are discreetly enrolled in a neighborhood scuola elementare. For his part, Gabriel spends his days wandering the streets and canals of the watery city, bidding farewell to the demons of his tragic, violent past. But when the eccentric London art dealer Julian Isherwood asks Gabriel to investigate the circumstances surrounding the

rediscovery and lucrative sale of a centuries-old painting, he is drawn into a deadly game of cat and mouse where nothing is as it seems. Gabriel soon discovers that the work in question, a portrait of an unidentified woman attributed to Sir Anthony van Dyck, is almost certainly a fiendishly clever fake. To find the mysterious figure who painted it—and uncover a multibillion-dollar fraud at the pinnacle of the art world—Gabriel conceives one of the most elaborate deceptions of his career. If it is to succeed, he must become the very mirror image of the man he seeks: the greatest art forger the world has ever known. Stylish, sophisticated, and ingeniously plotted, *Portrait of an Unknown Woman* is a wildly entertaining journey through the dark side of the art world—a place where unscrupulous dealers routinely deceive their customers and deep-pocketed investors treat great paintings as though they were just another asset class to be bought and sold at a profit. From its elegant opening to the shocking twists of its climax, the novel is a tour de force of storytelling and one of the finest pieces of heist fiction ever written. And it is still more proof that, when it comes to international intrigue and suspense, Daniel Silva has no equal.

Paris Dec 01 2019 A lens on the city of lights: A photographic tribute to a capital of romance Described by Goethe as “universal city where every step upon a bridge or a square recalls a great past, where a fragment of history is unrolled at the corner of every street”, Paris is as rich in its two millennia of history as it is in its beauty, its romance, and its art. It was on the banks of the Seine that Niépce and Daguerre officially gave birth to the new art of photography, and in this evocative tapestry of images, *Portrait of a City* leads us through the city's photographic, as well as its cultural, architectural and civic history. Now in a popular Reader's Edition, the book features some 500 pictures, bringing together past and present, the monumental and the everyday, faces and vistas. Images captured by the most illustrious photographers—Daguerre, Marville, Atget, Lartigue, Brassäi, Kertész, Ronis, Doisneau, Cartier-Bresson, sit alongside unknown photographers whose work somehow bottles a little of that “Parisian air,” in all its sensuality, its poetry and its light. Portraits of the Insane Sep 09 2020 In the early 1820s, in the gloomy aftermath of the 1789 Revolution and the Napoleonic wars, the French Romantic painter Theodore Gericault (1791-1824) made five portraits of patients in an asylum or clinic. No depictions of madness before or since can compare with them for humanity, straightforwardness and immediacy. The portraits challenge us to find responses in ourselves to the face and the embodied mysteries of the other person, and to our own internal (unconscious, disavowed) otherness: in this sense, Gericault was a "painter-analyst". The challenge could not be more urgent, in our world of suspicion of the stranger, and of the medicalisation of madness. The book sketches the history of this last process, from the Enlightenment through to the Revolution and its public health policies, to the birth of the asylum in its interface with the penal system. But there was also a new medico-philosophical conviction that the mad were never wholly mad, and their suffering and disturbance might best be addressed through relationship and speech.

Goya Oct 11 2020 The first major English-language biography of Francisco Goya y Lucientes, who ushered in the modern era The life of Francisco Goya (1746–1828) coincided with an age of transformation in Spanish history that brought upheavals in the country's politics and at the court which Goya served, changes in society, the devastation of the Iberian Peninsula in the war against Napoleon, and an ensuing period of political instability. In this revelatory biography, Janis Tomlinson draws on a wide range of documents—including letters, court papers, and a sketchbook used by Goya in the early years of his career—to provide a nuanced portrait of a complex and multifaceted painter and printmaker, whose art is synonymous with compelling images of the people, events, and social revolution that defined his life and era. Tomlinson challenges the popular image of the artist as an isolated figure obsessed with darkness and death, showing how Goya's likeability and ambition contributed to his success at court, and offering new perspectives on his youth, rich family life, extensive travels, and lifelong friendships. She explores the full breadth of his imagery—from scenes inspired by life in Madrid to visions of worlds without reason, from royal portraits to the atrocities of war. She sheds light on the artist's personal trials, including the deaths of six children and the onset of deafness in middle age, but also reconsiders the conventional interpretation of Goya's late years as a period of disillusion, viewing them instead as years of liberated artistic invention, most famously in the murals on the walls of his country house, popularly known as the "black" paintings. A monumental achievement, *Goya: A Portrait of the Artist* is the definitive biography of an artist whose faith in his art and his genius inspired paintings, drawings, prints, and frescoes that continue to captivate, challenge, and surprise us two centuries later.

Portrait of an Artist May 30 2022 Within his first artist book, Huerta Marin creates a dialogue with seven extraordinary female artists: Marina Abramovi?, Tania Bruguera, Tracey Emin, Shirin Neshat, ORLAN, Yoko Ono, and Kiki Smith to explore the subjects of gender and studio-practice. *Portrait of an Artist* presents documentation of these artists' visual, photographic, sculptural, and performance art alongside Huerta Marin's

illuminating interviews. Further, as an artist bookwork, the project includes photographic portraits by Huerta Marin created with locks of hair collected from each of the artists during their studio visits. The result is a book that is transgressive, vulnerable, and reflective. As a young artist, Huerta Marin's experience of working alongside these legendary artists was life changing. Describing his motivation behind the project, Huerta Marin explains, "Patti Smith said most of her poems were written to women because women are most inspiring. She asked, 'Who are most artists? Men. Who do they get inspired by? Women.' My work is an attempt to create counter narratives that emphasize the correlation between creating and thinking. Portrait of an Artist is a project inspired by seven remarkable female artists that drive culture by shaking the structures of established belief systems. They have no rules. They break all the borders. And their voice should resonate throughout the new generations of artists" - from publisher

Portrait of an Unknown Lady May 06 2020 A New York Times Book Review Editors' Choice New York Times Notable author María Gainza, who dazzled critics with *Optic Nerve*, returns with the captivating story of an auction house employee on the trail of an enigmatic master forger In the Buenos Aires art world, a master forger has achieved legendary status. Rumored to be a woman, she specializes in canvases by the painter Mariette Lydis, a portraitist of Argentinean high society. But who is this absurdly gifted creator of counterfeits? What motivates her? And what is her link to the community of

artists who congregate, night after night, in a strange establishment called the Hotel Melancólico? On the trail of this mysterious forger is our narrator, an art critic and auction house employee through whose hands counterfeit works have passed. As she begins to take on the role of art-world detective, adopting her own methods of deception and manipulation, she warns us “not to proceed in expectation of names, numbers or dates . . . My techniques are those of the impressionist.” Driven by obsession and full of subtle surprise, *Portrait of an Unknown Lady* is a highly seductive and enveloping meditation on what we mean by "authenticity" in art, and a captivating exploration of the gap between what is lived and what is told.

Portrait of an Island Aug 21 2021 When Mildred and John Teal moved to Sapelo Island, Georgia, in 1955, they stepped back in time to a virtually undeveloped landscape of salt marsh, maritime forest, freshwater ponds, sand dunes, and beaches. Over the course of a four-year stay their careful observations of the island's unique marine ecology and wonderfully varied flora and fauna became the basis for *Portrait of an Island*. The island's human history dates back more than four thousand years. The lure of Sapelo has drawn many to its shores, including tobacco millionaire R. J. Reynolds, who established the University of Georgia Marine Institute there in the 1950s. Surrounded by sixteen thousand acres of pristine marsh, Sapelo offers researchers and the public a rare opportunity for environmental studies. Now a state game refuge and national estuarine sanctuary, the island remains a special haven where humans and nature quietly and peacefully coexist. *Portrait of an Island* is essential reading for anyone who treasures tranquility.

A Portrait of the Artist as a Young Man Oct 03 2022 James Joyce's coming-of-age story, a tour de force of style and technique The first, shortest, and most approachable of James Joyce's novels, *A Portrait of the Artist as a Young Man* portrays the Dublin upbringing of Stephen Dedalus, from his youthful days at Clongowes Wood College to his radical questioning of all convention. In doing so, it provides an oblique self-portrait of the young Joyce himself. At its center lie questions of origin and source, authority and

authorship, and the relationship of an artist to his family, culture, and race. Exuberantly inventive in style, the novel subtly and beautifully orchestrates the patterns of quotation and repetition instrumental in its hero's quest to create his own character, his own language, life, and art: "to forge in the smithy of my soul the uncreated conscience of my race." This Penguin Classics edition is the definitive text, authorized by the Joyce estate and collated from all known proofs, manuscripts, and impressions to reflect the author's original wishes. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Dorian Jun 06 2020 Will Self's DORIAN is a "shameless imitation" of Oscar Wilde's The Picture of Dorian Gray that reimagines the novel in the milieu of London's early-80s art scene, which for liberated homosexuals were a golden era of sex, drugs and decadence before the AIDS epidemic struck later in the decade. It is "an age in which appearances matter more and more and more. Only the shallowest of people won't judge by them." Young Dorian Gray, just out of school, is a trust funded, impressionable Adonis-like blonde with none of the cynicism of the characters who end up corrupting his innocence even as they love him for it. He arrives in London to help socialite and philanthropist Phyllis Hawtree with her project of running a shelter for young drug addicts. He knows he is strikingly beautiful, that he could be a male model, but he tries not to get too caught up in the "looks thing." Basil Hallward, an artist friend of Phyllis's son Henry Wotton, meets Dorian and immediately falls for him, asking him to pose for a video installation called Cathode Narcissus, wherein Dorian is surrounded by nine television monitors which project images of himself looking into a mirror. In the book's final pages, we discover that Dorian is so taken by the images that he makes a wish that they will age

while he remains eternally young. And indeed, Dorian soon swears he sees some faint traces of aging in the images. Meanwhile Dorian is so impressed with the witty, sophisticated banter between Baz and Wotton that he immediately wants to be part of their world (he is described as a social chameleon, easily slipping into the characteristics and fashions and mannerisms of those around him). Dorian, then, breaks up with his college girlfriend and takes up with Baz's friend Wotton, a rich, intelligent but affectless homosexual boozier and cokehead (and careless Jaguar driver) who has a loveless marriage of convenience with the socialite Lady Victoria, a somewhat batty woman who is fine to live in denial of her husband's sexuality so long as their marriage keeps bringing in a flood of party invitations. Jealous of Baz's affections for Dorian and eager to see Dorian "thoroughly pleasure this jaded century" via his unparalleled looks and money, he takes Dorian under his wing and Dorian soon grows to prefer the wild, devil-may-care Wotton over the earnest, somewhat pretentious Baz. ("Baz Hallward the wayward acolyte, seething with energy and bumptiousness; while the younger man [Wotton] played the part of his mentor, consumed with cool, eaten up with indifference.") "Dorian knew his own limitation: he had money but no real style. His upbringing had been here and there, on the fringes of film sets, in foreign hotels. It had given him polish but no shine. He lacked the deep lustre of someone like Wotton." But in truth, Wotton is no better himself: "Henry Wotton was subject to saying to anyone who would listen that the chameleon is the most significant of modern types." And while outer appearance would seem to belie this, the truth was that beneath the Planet of Wotton was a realm of complete flux." The characters to which Wotton introduces Dorian are no better: drug addicts who revere Dorian only for his looks and money. As Dorian gets caught up in this world he becomes every bit as superficial as these people: "Dorian had begun to display talents in the only two areas of life that are worth considering, he was becoming a seducer par excellence, and he was transforming himself into an artificer of distinction, a person who is capable of employing all of the objective world to gain his own end." He eventually falls for a junkie named Herman largely for his beautiful black skin. To celebrate the debut of Cathode Narcissus, Dorian invites Herman over for an orgy with Wotton, Baz, and the others although not as jaded as Dorian has become (and apparently not a homosexual), Herman's craving for drugs is such that he agrees, and at the party he shares a needle with the other attendees and unwittingly infects them with AIDS. After the party, perhaps because he is ashamed of what he has sunk to, he kills himself in the street. PART TWO: TRANSMISSION Ten years have passed, and Henry Wotton now lies in a hospital bed on the AIDS ward. He knows he is dying, as is his friend Baz who visits him now for the first time in years, but unlike Baz, Wotton has continued to live the life that brought him down, bribing the hospital employees to let his dealer visit him. His wife is in absolute denial, calling Wotton's infection a "bug." Baz becomes angry that Wotton is not taking care of himself (having been clean for five years, Baz has recovered his soul). He tells Wotton about his move to New York City in the early eighties, when Manhattan was at the very peak of a great mountain of depravity. His drug habit drove him to poverty and homelessness and he eventually ended up an errand boy for three transvestite cabaret acts who housed him in their squalid apartment. Dorian found him here and "saved" him by cleaning him up and taking

him shopping so that Baz might introduce him to some of his downtown connections (Warhol, Mapplethorpe, Burroughs, etc.) This doesn't really happen, but Dorian does manage to "put himself at the center of every season," ever-popular for his looks, fake refinement, and money. "His social promiscuity and his sexual promiscuity have had the same bewildering effect—that of making him incomprehensible, unknowable. Is he gay or straight? Is he nob or yob? And incidentally, how old is he exactly?" Dorian discovers gay nightlife, sleeping with hundreds (maybe thousands) of men and in one brutal instance he later recalls with glee, beating a man to death as he sodomizes him in the basement of the Mineshaft nightclub. Eventually, however, when the AIDS scare begins, Dorian popularity lessens when many suspect that he is knowingly transmitting the disease. When Wotton returns from the AIDS ward, a dinner party is thrown and Dorian shows up unexpectedly. Wotton and Baz are shocked to see that he looks exactly as he did ten years ago—he hasn't aged a bit and apparently doesn't have AIDS. During the party Baz tells Dorian that he would like to photograph Cathode Narcissus for an upcoming retrospective and Dorian invites Baz back to his mews home to see it. There, Dorian offers Baz oral sex and his first hit in five years. He tells Baz of the wish he made when he first saw Cathode Narcissus and reveals that ever since then, the images have indeed been aging while he stays young. When Baz refuses to believe it Dorian reveals the monitors and sure enough they play horrifying images of an AIDS-stricken Dorian—concentration camp victims forced to dance by some insane Nazi doctor. When Baz refuses to copy the tapes for Dorian so that he can continue to preserve his youth, Dorian brutally stabs Baz several times, killing him without compunction. "Baz joined the wraithlike Dorians, who had stepped down from their monitors to meet him and in the null space in the middle of the null room, the ten of them linked hands, formed a ring, and commenced a stately dance." EPILOGUE As it turns out, everything up until this point is the text of a novel written by Henry Wotton, who is now dead of AIDS and has left the book for Dorian and Victoria. Dorian is hurt and indignant about the way he is portrayed: he insists that he never killed anyone, he is not a shallow narcissus but rather someone who genuinely cares about the good of others, he is not a free-loading model but has worked hard as the publisher of a fashion/design magazine. He brushes the book off but as he tries to go on with his work of preserving the now-famous work of Baz, the cynical narrative voice of Henry Wotton's book keeps intruding into his thoughts until finally, as Dorian visits the scene of his friend Princess Diana's fatal crash, Wotton reappears and cuts his throat.

Day after day, the two women talk to each other during the sittings, revealing truths, fragilities and

strengths. But does Isla know of the writer's long involvement with Martín? Does Valeria grasp the secrets that Isla harbors? Amidst their own private turmoil, the stories of their lives are exchanged, and as the portrait takes shape, we watch these complex and extraordinary women struggle while the love of their lives departs, in an unforgettable, breathless tale of deception and mystery that captivates until the very end.

The Portrait Jun 30 2022 After the dazzling achievement of his bestsellers *An Instance of the Fingerpost* (“May well be the best historical mystery ever written.” —The Boston Globe) and *The Dream of Scipio* (“A virtuoso display of craftsmanship.” —Maclean’s), Iain Pears returns with a stunning novel of suspense and revenge. An influential art critic in the early years of the twentieth century journeys from London to the remote island of Houat, off France’s northwest coast, to sit for a portrait painted by an old friend, a gifted, once acclaimed artist living in self-imposed exile. Over the course of the sitting, the painter recalls their years of friendship, the double-edged gift of the critic’s patronage, the power he wielded over aspiring artists, and his apparent callousness in anointing the careers of some and devastating the lives of others. The balance of power between the two men shifts dramatically — and ominously — as the critic becomes a passive subject; and as the painter slowly captures the character of the man on canvas, we discover why he left London suddenly and mysteriously at the height of his success and why now, with dark determination, he has taken on this unusual commission. Set against the dramatic, untamed landscape of Brittany, during one of the most explosive periods in art history, *The Portrait* is rich with atmosphere and suggestion, and psychological complexity. With the marvellous detail of a miniature, it brings to the fore the great artistic figures of the late nineteenth century, and their ambitions and desires. And it is a novel you will want to begin again immediately after turning the last chilling page, to read once more with a watchful eye and appreciate the hand of an ingenious storyteller at work.

Portrait of the Son Jul 08 2020 "An allegory about The Holy Trinity, the role of Mary of Nazareth in Their divine designs, and the meaning of the acceptance of Jesus Christ as the centre of one's life. The richest man with the best art collection in the world shares his consuming interest with his superlatively good son, who is ably assisted in his beneficence by their Kindly female estate keeper, who is more than mother to him. The son is called to war, and dies saving his comrades, mirroring the redemptive action of Christ's sacrifice for humanity. The father grieves his son, but is heartened when the estate keeper wheels in the chair of a wounded soldier from the foreign war. The young man presents the father with a portrait depicting the suffering son. As the soldier relates to the father all the insights the son has revealed about the art collection, which actually represents the created world, and especially, his great love for human beings, the pieces are transformed with potential and possibility for restoration to their intended ideal. The father decides to offer his art at auction, but stipulates that the first piece to be on the auction block is to be the portrait of the son. None of the learned bidders condescend to bid on the portrait, but a poor old man who had often been the recipient of the fathers and son's beneficence bids on it and wins. The auctioneer ends the auction, informing the irked would-be bidders that, according to the wishes of the father, the person who takes the portrait of his son wins his entire, vast collection"--

The Antimodernism of Joyce's Portrait of the Artist as a Young Man Oct 30 2019 "Enter these enchanted woods ye who dare," is the famous, dictum from Sean O'Faolain about *Portrait*. As with all of Joyce's works, *Portrait* rewards its readers, over and over again, with its inexhaustible richness. It is a most enveloping and enchanting book, and Weldon Thornton's latest exploration of its world makes a major contribution to Joyce scholarship. Thornton takes a fresh look at important psychological and cultural issues in the novel, arguing that although it may be a classic text of literary modernism, it' is a fundamentally antimodernist work. The novel reflects a distance between Joyce and Stephen not simply in its tone or in certain differences between author and character but in its very structure and verbal texture. Thornton's comprehensive and thoughtful book provides readers with a new cultural critique and intellectual history of *Portrait*, which promises to become one of the major discussions of the novel.

Off the Wall Oct 23 2021 This book chronicles the creative period of the 1950s and 1960s, a high point in American art. In his collaborations with Merce Cunningham and John Cage, and as a pivotal figure linking abstract expressionism and pop art, Robert Rauschenberg was part of a revolution during which artists moved art off the walls of museums and galleries and into the center of the social scene. Rauschenberg's vitally important and productive career spans this revolution, reaching beyond it to the present day. The book features the artists and the art world surrounding Rauschenberg--from Jackson Pollock, and Willem de Kooning to Jasper Johns, Frank Stella, and Andy Warhol, together with dealers Betty Parsons, and Leo Castelli, and the patron Peggy Guggenheim.

Portrait of a Novel: Henry James and the Making of an American Masterpiece Dec 13 2020 A revelatory biography of the American master as told through the lens of his greatest novel. Henry James (1843–1916) has had many biographers, but Michael Gorra has taken an original approach to this great American progenitor of the modern novel, combining elements of biography, criticism, and travelogue in re-creating the dramatic backstory of James's masterpiece, *Portrait of a Lady* (1881). Gorra, an eminent literary critic, shows how this novel—the scandalous story of the expatriate American heiress Isabel Archer—came to be written in the first place. Traveling to Florence, Rome, Paris, and England, Gorra sheds new light on James's family, the European literary circles—George Eliot, Flaubert, Turgenev—in which James made his name, and the psychological forces that enabled him to create this most memorable of female protagonists. Appealing to readers of Menand's *The Metaphysical Club* and McCullough's *The Greater Journey*, *Portrait of a Novel* provides a brilliant account of the greatest American novel of expatriate life ever written. It becomes a piercing detective story on its own.

The Portrait of a Mirror Feb 24 2022 A stunning reinvention of the myth of Narcissus as a modern novel of manners, about two young, well-heeled couples whose parallel lives converge and intertwine over the course of a summer, by a sharp new voice in fiction Wes and Diana are the kind of privileged, well-educated, self-involved New Yorkers you

may not want to like but can't help wanting to like you. With his boyish good looks, blue-blood pedigree, and the recent tidy valuation of his tech startup, Wes would have made any woman weak in the knees—any woman, that is, except perhaps his wife. Brilliant to the point of cunning, Diana possesses her own arsenal of charms, handily deployed against Wes in their constant wars of will and rhetorical sparring. Vivien and Dale live in Philadelphia, but with ties to the same prep schools and management consulting firms as Wes and Diana, they're of the same ilk. With a wedding date on the horizon and carefully curated life of coupledness, Vivien and Dale make a picture-perfect pair on Instagram. But when Vivien becomes a visiting curator at The Metropolitan Museum of Art just as Diana is starting a new consulting project in Philadelphia, the two couples' lives cross and tangle. It's the summer of 2015 and they're all enraptured by one another and too engulfed in desire to know what they want—despite knowing just how to act. In this wickedly fun debut, A. Natasha Joukovsky crafts an absorbing portrait of modern romance, rousing real sympathy for these flawed characters even as she skewers them. Shrewdly observed, whip-smart, and shot through with wit and good humor, *The Portrait of a Mirror* is a piercing exploration of narcissism, desire, self-delusion, and the great mythology of love.
