Cultures at War Jul 25 2019 The Cold War in Southeast Asia was a many-faceted conflict, driven by regional historical imperatives as much as by the contest between global superpowers. The essays in this book offer the most detailed and probing examination to date of

the cultural dimension of the Cold War in Southeast Asia. Southeast Asian culture from the late 1940s to the late 1970s was primarily shaped by a long-standing search for national identity and independence, which took place in the context of intense rivalry between the United States and the Soviet Union, with the Peoples' Republic of China emerging in 1949 as another major international competitor for influence in Southeast Asia. Based on fieldwork in Burma, Indonesia, Laos, Malaysia, the Philippines, Singapore, Thailand, and Vietnam, the essays in this collection analyze the ways in which art, literature, film, theater, spectacle, physical culture, and the popular press represented Southeast Asian responses to the Cold War and commemorated that era's violent conflicts long after tensions had subsided. Southeast Asian cultural reactions to the Cold War involved various solutions to the dilemmas of the newly independent nation-states of the region. What is common to all of the perspectives and works examined in this book is that they expressed social and aesthetic concerns that both antedated and outlasted the Cold War, ones that never became simply aligned with the ideologies of either bloc. Ultimate Indonesian Notebook Aug 06 2020 The Ultimate Language Notebook is a vocabulary notebook to learn any language. The notebook makes it easier to learn new vocabulary. There are 72 topics and 160 pages in the notebook. The left pages have lists of words and phrases that are important to know in any language. You just need to find the answer in your target language and write it down next to the English word. The right pages are all empty so that you can add more words, phrases or notes as you advance in your studies. After the the 72 topics there are four spreads that are completely empty, both the left and right pages so that you can add your own topics if you didn't find a suitable topic from the 72 existing ones. In the beginning there are three empty pages where you can write the script and alphabet of the language that you are learning. This is particularly helpful if you learn languages such as Hindi, Japanese or several other languages using their own writing systems. You can also use those pages to draw grids or something else to create your study plan or schedule. By filling all the left pages you will learn more than 2400 words and more than the 400 most common verbs. By filling all the 81-84 empty pages you could reach a total amount of 5000 words depending on the size of your handwriting and if you prefer adding new words or use the same words in different contexts. 3000 words is usually more than 90% of all the vocabulary needed in everyday life in almost any language. So by reaching 4000-5000 words means that you will probably have all the most essential vocabulary within the pages of one notebook. This notebook is meant to be the center of the vocabulary and knowledge in your target language.

Suharto and His Generals Dec 22 2021 In writing this monograph I have been guided by two separate but interrelated goals. The first has been to provide an historical-descriptive record of the "challenge" posed to President Suharto within the Armed Forces of the Republic of Indonesia (ABRI) during the period 1975-82 and the debate that developed over ABRI's role in society. Although this debate sprawled across the whole canvas of military involvement in society, it can be said to have focused essentially on two key issues. The first, which was debated with considerable vigor during the period 1977-80, involved ABRI's relations with other social-political groups in society, and in particular the political parties. The center of this debate was the "contradiction" between ABRI's claim to be above all groups in society and the reality of its continuing support for Golkar, the political grouping which held a majority of the seats in the DPR (Parliament). Due largely to the intervention of the president, this debate was resolved in favor of the status quo and by 1980 it appeared unlikely that there would be any substantial changes during the remainder of the Suharto presidency. The second issue, which became of increasing importance after 1980, centered on the appointment of military officers to nonmilitary functions. There were in the mid-1970s more

than 20,000 military men serving in a *kekarya*an (nonmilitary, or "functional") capacity, as ministers, ambassadors, parliamentarians, senior executives in government corporations, bankers, senior civil servants, university rectors, provincial governors, subdistrict heads, and even village headmen. Answerable to the chief of staff for functional affairs (*Kaskar*), they acted as "reinforcing rods" to ensure that the bureaucracy was responsive to the commands of those at the top-a role that was not unlike that of the Communist Party in many Communist states. In the view of the critics, ABRI's heavy involvement in *kekarya*an activities, although understandable in terms of recent Indonesian history, was excessive and needed to be scaled back. On this front, some government concessions seemed possible, if only because the armed forces were short of manpower. Even so, any cutback in the *kekarya*an ABRI was likely to be both slow and from the bottom up, with the commanding heights of the system remaining firmly in the hands of the military leaders.

An Indonesian-English Dictionary Jun 23 2019 "This dictionary is meant primarily as a tool for English speakers who need to know Indonesian and who deal with Indonesian writings. The aim has thus been to give comprehensive coverage to forms a foreigner might run across in Indonesian readings, from this era or from the past, but excluding classical Malay literature, Much of the Indonesian written production (written and otherwise) contains slangy, colloquial, and regional forms, and we have not excluded such forms. On the other hand we have confined the listing of dialectical forms only to those likely to be widely known...The dictionary should also be useful to Indonesians who wish to learn English equivalents of Indonesian words, but it has not been developed primarily for that purpose, because many English words can only be defined by a sequence of Indonesian words." from Introduction.

It is especially well-suited to research that requires rich descriptions of inner experiences, attitudes, and convictions. Hill and her associates provide readers with step-by-step practical guidance during each stage of the research process. Readers learn about adaptive ways of designing studies; collecting, coding, and analyzing data; and reporting findings. Intended as a user-friendly manual for graduate-level research courses and beyond, the text will be a valuable resource for both budding and experienced qualitative researchers for many years to come.

Colloquial Jakartan Indonesian Jun 15 2021 This book aims to describe aspects of the Indonesian language as spoken by educated Jakartans in everyday interactions. This style of language is in many ways significantly different from the formal language of government and education, to the extent that it deserves separate consideration. While formal Indonesian has been the subject of a considerable amount of description very little attention has been paid to informal styles of the language. The variety described here, Colloquial Jakartan Indonesian, is the prestige variety of colloquial Indonesian and is becoming the standard informal style. The description and texts in following chapters are drawn from recordings of natural speech of educated people living in Jakarta . While the book aims to inform those with a background in linguistics the needs of teachers and learners with little or no knowledge of linguistics is always borne in mind. The work thus does not consider theoretical linguistic issues nor use technical terms which would not be readily understood by most readers.
