The Use of the International Phonetic Alphabet in the Choral Rehearsal May 03 2020 "The fusion of text with music is one of the most powerful methods by which a composer can express emotion to an audience, yet, all too often, the diction of choral groups is lacking to such a degree as to make the text unintelligible." So argues Duane R. Karna, who in The Use of the International Phonetic Alphabet in the Choral Rehearsal brings together 30 essays by experts from around the world to describe how the character symbols of the International Phonetic Alphabet (IPA) can be used by singers in the choral rehearsal. In an effort to conquer one of the greatest challenges facing choral directors and their choirs, contributors explore the use of the IPA system in a vast range of languages. Readers will find essays devoted to the use of IPA on matters of lyric diction for the following tongues: Baltic Languages, Basque, Brazilian Portuguese, Chinese, Dutch, Ecclesiastical Latin, English, Finnish, French, Georgian, German, Germanic Latin, Greek, Hawaiian, Hebrew, Hungarian, Italian, Japanese, Korean, Norwegian, Polish, Romanian, Russian, Spanish, Swahili, and Swedish. Holding firmly to the belief that basic instruction in IPA character is part of a choir's training, Karna and his contributors see enormous potential for choirs to expand considerably their foreign-language repertoire and save considerable rehearsal time. The Use of the International Phonetic Alphabet in the Choral Rehearsal is the ideal primer for choral directors and choirmasters as well as choir members.

Miles Gloriosus Jun 03 2020 Miles Gloriosus or "Braggart Warrior" is one of the best-known and liveliest Roman comedies. It shows Plautus at his ablest in ingenious plot construction, vivid characterization, fast-moving action, and humorous dialogue. This edition of the Latin text is fully and very helpfully annotated. The substantial introduction considers the antecedents of Plautus's drama in Greek New Comedy and in Italic farce, his mixture of Greek and Roman both in language and in the life portrayed, and his stagecraft, language, and meter.

Twentieth-century Indonesia Nov 08 2020 In the 1930s a band of smart and able young men, some still in their twenties, helped Franklin D. Roosevelt transform an American nation in crisis. They were the junior officers of the New Deal. Thomas G. Corcoran, Benjamin V. Cohen, William O. Douglas, Abe Fortas, and James Rowe helped FDR build the modern Democratic Party into a progressive coalition whose command over power and ideas during the next three decades seemed politically invincible. This is the first book about this group of Rooseveltians and their linkage to Lyndon Johnson's Great Society and the Vietnam War debacle. Michael Janeway grew up inside this world. His father, Eliot Janeway, business editor of Time and a star writer for Fortune and Life magazines, was part of this circle, strategizing and practicing politics as well as reporting on these men. Drawing on his intimate knowledge of events and previously unavailable private letters and other documents, Janeway crafts a riveting account of the exercise of power during the New Deal and its aftermath. He shows how these men were at the nexus of reform impulses at the electoral level with reform thinking in the social sciences and the law and explains how this potent fusion helped build the contemporary American state. Since that time efforts to reinvent government by "brains trust" have largely failed in the U.S. In the last quarter of the twentieth century American politics ceased to function as a blend of broad coalition building and reform agenda setting, rooted in a consensus of belief in the efficacy of modern government. Can a progressive coalition of ideas and power come together again? The Fall of the House of Roosevelt makes such a prospect both alluring and daunting.
