[A Sceptic's Guide to Writers' Houses](#) Feb 29 2020 There are many ways to show our devotion to an author besides reading his or her works. Graves make for popular pilgrimage sites, but far more popular are writers' house museums. What is it we hope to accomplish by trekking to the home of a dead author? We may go in search of the point of inspiration, eager to stand on the very spot where our favorite literary characters first came to life—and find ourselves instead in the house where the author himself was conceived, or where she drew her last breath. Perhaps it is a place through which our writer passed only briefly, or maybe it really was a longtime home—now thoroughly remade as a decorator's show-house. In *A Sceptic's Guide to Writers' Houses* Anne Trubek takes a vexed, often funny, and always thoughtful tour of a goodly number of house museums across the nation. In Key West she visits the shamelessly ersatz shrine to a hard-living Ernest Hemingway, while meditating on his lost Cuban farm and the sterile Idaho house in which he committed suicide. In Hannibal, Missouri, she walks the fuzzy line between fact and fiction, as she visits the home of the young Samuel Clemens—and the purported haunts of Tom Sawyer, Becky Thatcher, and Injun' Joe. She hits literary pay-dirt in Concord, Massachusetts, the nineteenth-century mecca that gave home to Hawthorne, Emerson, and Thoreau—and yet could not accommodate a surprisingly complex Louisa May Alcott. She takes us along the trail of residences that Edgar Allan Poe left behind in the wake of his many failures and to the burned-out shell of a California house with which Jack London staked his claim on posterity. In Dayton, Ohio, a charismatic guide brings Paul Laurence Dunbar to compelling life for those few visitors willing to listen; in Cleveland, Trubek finds a moving remembrance

of Charles Chesnut in a house that no longer stands. Why is it that we visit writers' houses? Although admittedly skeptical about the stories these buildings tell us about their former inhabitants, Anne Trubek carries us along as she falls at least a little bit in love with each stop on her itinerary and finds in each some truth about literature, history, and contemporary America.

The fourteenth edition maintains Lester's successful approach while bringing new writing and documentation updates to assist the student researcher in keeping pace with electronic sources.

Legal Writing in Plain English, Second Edition Jul 24 2019 Admirably clear, concise, down-to-earth, and powerful—all too often, legal writing embodies none of these qualities. Its reputation for obscurity and needless legalese is widespread. Since 2001 Bryan A. Garner's *Legal Writing in Plain English* has helped address this problem by providing lawyers, judges, paralegals, law students, and legal scholars with sound advice and practical tools for improving their written work. Now the leading guide to clear writing in the field, this indispensable volume encourages legal writers to challenge conventions and offers valuable insights into the writing process that will appeal to other professionals: how to organize ideas, create and refine prose, and improve editing skills. Accessible and witty, *Legal Writing in Plain English* draws on real-life writing samples that Garner has gathered through decades of teaching experience. Treacherous advice covers all types of legal materials, from analytical and persuasive writing to legal drafting, and the book's principles are reinforced by sets of basic, intermediate, and advanced exercises in each section. In this new edition, Garner preserves the successful structure of the original while adjusting the content to make it even more classroom-friendly. He includes case examples from the past decade and addresses the widespread use of legal documents in electronic formats. His book remains the standard guide for producing the jargon-free language that clients demand and courts reward.

The Norton Introduction to Literature Jun 14 2021

A Distant Mirror May 02 2020 A “marvelous history”* of medieval Europe, from the bubonic plague and the Papal Schism to the Hundred Years’ War, by the Pulitzer Prize-winning author of *The Guns of August* *Lawrence Wright, author of *The End of October*, in *The Wall Street Journal* The fourteenth century reflects two contradictory images: on the one hand, a glittering age of crusades, cathedrals, and chivalry; on the other, a world plunged into chaos and spiritual agony. In this revelatory work, Barbara W. Tuchman examines not only the great rhythms of history but the grain and texture of domestic life: what childhood was like; what marriage meant; how money, taxes, and war dominated the lives of serf, noble, and clergy alike. Granting her subjects their loyalties, treacheries, and guilty passions, Tuchman re-creates the lives of proud cardinals, university scholars, grocers and clerks, saints and mystics, lawyers and mercenaries, and, dominating all, the knight—in all his valor and “furious follies,” a “terrible worm in an iron cocoon.” Praise for *A Distant Mirror* “Beautifully written, careful and thorough in its scholarship . . . What Ms. Tuchman does superbly is to tell how it was. . . . No one has ever done this better.”—*The New York Review of Books* “A beautiful, extraordinary book . . . Tuchman at the top of her powers . . . She has done nothing finer.”—*The Wall Street Journal* “Wise, witty, and wonderful . . . a great book, in a great historical tradition.”—Commentary
