The Perfect Store Nov 28 2019 When Pierre Omidyar launched a clunky website from a spare bedroom over Labor Day weekend of 1995, he wanted to see if he could use the Internet to create a perfect market. He never guessed his old-computer parts and Beanie Baby exchange would revolutionize the world of commerce. Now, Adam Cohen, the only journalist ever to get full access to the company, tells the remarkable story of eBay's rise. He describes how eBay built the most passionate community ever to form in cyberspace and forged a business that triumphed over larger, better-funded rivals. And he explores the ever-widening array of enlistees in the eBay revolution, from a stay-at-home mom who had to rent a warehouse for her thriving business selling bubble-wrap on eBay to the young MBA who started eBay Motors (which within months of its launch was on track to sell \$1 billion in cars a year), to collectors nervously bidding thousands of dollars on antique clothing-irons. Adam Cohen's fascinating look inside eBay is essential reading for anyone trying to figure out what's next. If

you want to truly understand the Internet economy, *The Perfect Store* is indispensable.

Still Horse Crazy After All These Years Jul 05 2020 A rare insider's look at the life of a professional sportsman as he tries to reconcile the passion that drives him with livelihood, family, and aging. Three-time Olympian Jim Wofford grew up with horses, beginning with his childhood on a Kansas farm in the forties. The son of an Olympic show jumper, Wofford and his siblings all found themselves pursuing a "riding life"—one of reward and growth, of challenge and disappointment, but mostly of learning to understand and work with a complex animal as an athletic partner and friend. Over the years Wofford developed as an international competitor, successful coach, and sought-after commentator. Known for his wit, irreverence, and whip-smart observations on the sport and its participants, as well as the state of the "outside" world, his magazine columns were soon as legendary as his performances in the saddle. Now Wofford brings his immense talent for telling tales—all of them (mostly) true—to the page in a lively and absorbing look back through time spent in and out of the saddle. With lessons in horsemanship both simple and profound interwoven with fascinating stories from his many diverse adventures around the world, readers enjoy a peek inside the wild ride that can be the life of an international equestrian while pondering weighty questions, such as how to make decisions for the good of the horse and how to find a soulful connection with him. Although these questions may never be fully answered, readers discover something about themselves as they see how philosophical investigation contributed to Wofford's own evolution over time. An honest, funny, poignant read certain to entertain and educate every horse person.

Found on EBay Jul 29 2022 Have you ever gone to a yard sale and marvelled at the dubious treasures on display? Imagine seeing a homemade deer-poop paperweight for ten dollars, a lonely left boot, a belt with a glass eye embedded in its buckle. It would never be possible to find such fantastic oddities all in one thrift shop or garage. But, all these objects do exist and have been sold on eBay. Now these items and many, many more like them are collected for your viewing pleasure in this hilarious "museum" of priceless eBay artifacts. With thirty million registered users, eBay is one dotcom that has thrived, becoming the most popular shopping website on the net. The suspense of bidding online inspires fanatic obsession, and all kinds of people from grandmothers to teenagers come to eBay to buy and sell just about everything. If you're searching for a rare deal on a hard-to-find gift, eBay is the place. But, when it comes to the unusual, buyers can easily get more than they bargained for. The author has collected one hundred of these gimcracks and photographed them as if they were jewels. Here are a trucker's prayer plaque in its shining newness, a real frog coin purse that looks like it's about to hop off the page, and a

strand of Abraham Lincoln's hair shot as a historical gem.

Accompanying each image are the seller's original sales pitch and goofy email correspondence about the objects' possible but improbable uses. This pocket-size catalog of curiosities makes for a delightful novelty gift for the eBayer in anyone's family.

Crazy Rich Asians Aug 06 2020 *Crazy Rich Asians* is the outrageously funny debut novel about three super-rich, pedigreed Chinese families and the gossip, backbiting, and scheming that occurs when the heir to one of the most massive fortunes in Asia brings home his ABC (American-born Chinese) girlfriend to the wedding of the season. When Rachel Chu agrees to spend the summer in Singapore with her boyfriend, Nicholas Young, she envisions a humble family home, long drives to explore the island, and quality time with the man she might one day marry. What she doesn't know is that Nick's family home happens to look like a palace, that she'll ride in more private planes than cars, and that with one of Asia's most eligible bachelors on her arm, Rachel might as well have a target on her back. Initiated into a world of dynastic splendor beyond imagination, Rachel meets Astrid, the It Girl of Singapore society; Eddie, whose family practically lives in the pages of the Hong Kong socialite magazines; and Eleanor, Nick's formidable mother, a woman who has very strong feelings about who her son should—and should not—marry. Uproarious, addictive, and filled with jaw-dropping opulence, *Crazy Rich Asians* is an insider's look at the Asian JetSet; a perfect depiction of the clash between old money and new money; between Overseas Chinese and Mainland Chinese; and a fabulous novel about what it means to be young, in love, and gloriously, crazily rich.

I Sold My Soul on eBay Dec 22 2021 Unique insights from an atheist's Sunday-morning odyssey When Hemant Mehta was a teenager he stopped believing in God, but he never lost his interest in religion. Mehta is "the eBay atheist," the nonbeliever who auctioned off the opportunity for the winning bidder to send him to church. The auction winner was Jim Henderson, a former pastor and author of *Evangelism Without Additives*. Since then, Mehta has visited a variety of church services—posting his insightful critiques on the Internet and spawning a positive, ongoing dialogue between atheists and believers. *I Sold My Soul on eBay* tells how and why Mehta became an atheist and features his latest church critiques, including descriptions of his visits to some of the best-known churches in the country. His observations will surprise and challenge you, revealing how the church comes across to those outside the faith. Who better than a nonbeliever to offer an eye-opening assessment of how the gospel is being presented—and the elements that enhance or detract from the presentation. Mehta announced prior to his churchgoing odyssey that he would watch for any signs of God's existence. After spending Sunday mornings in some of the nation's leading churches, what happened to the man who sold his soul on eBay? Did attending church change his lack of belief? The answers can be found inside.

101-Tips for Buying and Selling on eBay Sep 30 2022 Introduction: Quit Your 9-to-5 Job and Become a Solopreneur 1. Your phone's alarm goes off. 2. It's time to get up, shower, grab a bagel and

coffee on the way to work, and drive there. 3. You appear to be on autopilot every day. There's no need to think about it; just do it. For many people, a traditional 9-5 job, while somewhat secure, is not what they expected when they signed up for it. You may only have two weeks of vacation per year; the pay is pitiful; the people are a bunch of gossipers; and the work - well, let's just say you don't really need your degree to do what you're doing. People, particularly Millennials, are increasingly abandoning full-time employment. Climbing to the top of a company is no longer a common career path. Millennials, on the other hand, frequently see eBay, starting your own company, or growing your own business as the new norm. And the data backs this up: eBay is on the rise. eBay is one of the most active online marketplaces, with a multibillion-dollar turnover and over 180 million users. They were only of the workforce seven years ago. And it's only going to get worse as more people realize the freedom that being a solopreneur provides. If having *no* boss is what you're looking for, here's how to get it right away. There are some people who despise their 9-5 jobs. When they describe their job, it sounds like a prison sentence, complete with roadside manual labor and the old' shackle and chains. Their job makes them a prisoner, which they despise. Others adore their 9-to-5 jobs. They go to work and enjoy the fact that they have no ownership in the company and can leave at any time without incurring any liability. I've had several jobs. I spent the first half of my twenties starting seven businesses, six of which failed miserably and one of which became an overnight success (that I later walked away from). I then got a corporate job in a bank and had to wear a suit to work. The lobby resembled a hotel, and the language used was never profane. My next position was a cross between a startup and a corporate, with a focus on people management. You're trapped. As each day passes, you can't wait for the weekend to be over, so you don't have to think about work. No more bosses breathing down your neck, no more pre-planned breaks, and certainly no more long commutes. Weekends are your life. You know you don't want this job, but you're stuck with it. You want out but don't know how, whether you want to quit your job to travel more, try something new, or if you're just bored or unhappy with what you're doing. What are you going to do? How do you leave a stable and secure job to pursue a life of hustling for work? And can you make a living from eBay? Rarely Revealed Secrets to Making Money on eBay that Are Ideal for Complete Beginners "Do you believe you squandered an eBay opportunity? 52 Funeral Sermons Mar 01 2020 For most of us, one of the most rewarding, yet difficult tasks, is preparing messages to preach and teach. We are honored by God to stand before our congregation each week, and we want to give them the very best, but with the press of the many demands of ministry, sometimes that is difficult to do. And if you're like me, you prefer writing your own sermons because you have a special connection with your congregation that is hard to reach through a message someone else has written. In other words, no one knows your people like you do! Our new Pulpit Outline Series gives you a starting point - a sermon title, a deductive sermon outline; and a relevant illustration you can use however you like. In this edition, rather than an outline, we have given you full manuscript messages that can be edited to suit your purposes. We invite you to make these messages your own, because only you know the people God has called you to preach to. And we are so honored that you've invested in this unique third volume in the Pulpit Outline series - 52 Funeral Sermons. We have put together the most tasteful, relevant, and Biblical messages possible. May God Bless You as You Share His Word!

Crazy Good May 15 2021 A hundred years ago, the most famous athlete in America was a horse. But Dan Patch was more than a sports star; he was a cultural icon in the days before the automobile. Born crippled and unable to stand, he was nearly euthanized. For a while, he pulled the grocer's wagon in his hometown of Oxford, Indiana. But when he was entered in a race at the county fair, he won -- and he kept on winning. Harness racing was the top sport in America at the time, and Dan, a pacer, set the world record for the mile. He eventually lowered the mark by four seconds, an unheard-of achievement that would not be surpassed for decades. America loved Dan Patch, who, though kind and gentle, seemed to understand that he was a superstar: he acknowledged applause from the grandstands with a nod or two of his majestic head and stopped as if to pose when he saw a camera. He became the first celebrity sports endorser; his name appeared on breakfast cereals, washing machines, cigars, razors, and sleds. At a time when the highest-paid baseball player, Ty Cobb, was making \$12,000 a year, Dan Patch was earning over a million dollars. But even then horse racing attracted hustlers, cheats, and touts. Drivers and owners bet heavily on races, which were often fixed; horses were drugged with whiskey or cocaine, or switched off with

"ringers." Although Dan never lost a race, some of his races were rigged so that large sums of money could change hands. Dan's original owner was intimidated into selling him, and America's favorite horse spent the second half of his career touring the country in a plush private railroad car and putting on speed shows for crowds that sometimes exceeded 100,000 people. But the automobile cooled America's romance with the horse, and by the time he died in 1916, Dan was all but forgotten. His last owner, a Minnesota entrepreneur gone bankrupt, buried him in an unmarked grave. His achievements have faded, but throughout the years, a faithful few kept alive the legend of Dan Patch, and in *Crazy Good*, Charles Leerhsen travels through their world to bring back to life this fascinating story of triumph and treachery in small-town America and big-city racetracks.

They may be hidden away in a film studio's vault, buried beneath the floorboards of a filmmaker's home, imprisoned by some ancient legality, refused release at a director's whim, or simply not optioned by a distributor. This book brings back to life 101 films that are entombed in a cinema cemetery and in so doing unearths a film noir masterpiece, a French classic, a Mastroianni feature comparable to *Cinema Paradiso*, a pioneering Independent film of the 1950s, a Joan Crawford headliner, an amazing Nicholas Ray experimental feature, Italian comedies by Nichetti, and lost gems by Widerberg, Hitchcock, Lang, Ford, Lubitsch, Litvak, Dmytryk, Kazan, Cacoyannis, Boetticher, Zinnemann, Ray, Huston, and many more luminaries of the silver screen. Though critics may acclaim them, audiences applaud them, and Sundance or Cannes may screen them, no film is guaranteed a general release, and too many disappear into oblivion. This book pays homage to those lost films that deserve to be exhibited beyond the screen of our memories.

Bringing Home the Birkin Jun 15 2021 An insider's hilarious, whirlwind account of his years spent globe-trotting in search of the holy grail of handbags: the Birkin. For more than twenty years, the Hermès Birkin bag has been the iconic symbol of fashion, luxury, and wealth. Though the bag is often seen dangling from the arms of celebrities, there is a fabled waiting list of more than two years to buy one from Hermès, and the average fashionista has a better chance of climbing Mount Everest in Prada pumps than of possessing one of these coveted carryalls. Unless, of course, she happens to know Michael Tonello . . . Michael's newfound career started with an impulsive move to Barcelona, a vanished job assignment, no work visa, and an Hermès scarf sold on eBay to generate some quick cash. But soon the resourceful Michael discovered the truth about the waiting list and figured out the secret to getting Hermès to part with one of these precious bags. Millions of dollars worth of Birkins later, Michael had become one of eBay's most successful entrepreneurs—and a Robin Hood to thousands of desperate rich women. With down-to-earth wit, Michael chronicles the unusual ventures that took him to nearly every continent, from eBay to Paris auction house and into the lives of celebrities and poseurs. Flirting with danger, Michael recounts the heady rush of hand delivering his first big score to famed songwriter Carole Bayer Sager in Paris; how he had to hire thugs to rescue a bag that one of his "shoppers" held for ransom; and the story of the Oscar-worthy performances that allowed him to snag "reserved" bags from other, less dogged Birkin seekers. Whether he's relating his wining and dining, buying and selling, dodging and weaving, laughing and crying, or schmoozing and stammering, Michael is a master raconteur who weaves together tales of hunting Birkins in the world's most posh locales, memories of meals that would make any gastronome salivate, anecdotes of obsessed collectors with insatiable desires, and sweetly intimate stories about his family, friends, and finding true love. The result is a memoir that is distinctive, fun, page-turning, and as addictive as its namesake.
