[The Fluid Frame in Cinema](#) May 07 2020 This book is a passionate rendezvous with cinema, the most collaborative of art forms. The essays here explore the possibilities offered by a close reading of cinema that keeps cultural contexts and their socio-historical roots firmly in sight. This collection does not consider the "frame", that oft-referenced basic unit of vision in films, as a limiting structure. Rather, it brings into purview what is left out. Divided into three sections, the essays look firstly at Indian cinema, both Bollywood and regional films, tracing the journey of Indian cinema from the periphery to the center. The second section focuses on Adaptation Studies and takes an unorthodox look at classic adaptations of literature. The final section is a reappraisal of directors like Alfred Hitchcock and Stanley Kubrick. The essays propose that, even though the film as an artwork does not change fundamentally over time, it still strikes a contemporary critical gaze differently.

[The Future of Indian Universities](#) May 31 2022 At a time of social, political, and economic shifts across the world, India is faced with the pivotal challenge of addressing the state of its universities. In a region that was home to the leading higher learning institutions during ancient times, the descent in the quality of higher education offered by modern India's universities is yet to create the desired impact. To be effective, universities will need to create institutional ecosystems that are reflective of the complex and interconnected worlds their graduates will live in. India's extraordinary demographic profile creates a compelling need for its universities to reimagine their roles. The contributors in this volume argue for fundamental reforms to bring about a renewed sense of purpose. The chapters are authored by leading scholars in the fields of law, management, educational theory, liberal arts, international relations, and science and technology, and reflect the multiple approaches necessary to address the most difficult challenges in our times. The volume provides international and comparative perspectives on higher education, and will be immensely useful in highlighting issues being faced by Indian universities.

[The Routledge Companion to Dance in Asia and the Pacific](#) Aug 10 2020 This Companion documents and celebrates artistic journeys within the framework of rich and complex cultural heritages and traditional dance practices of the Asia-Pacific region. It presents various dance forms from Australia, Cambodia, China, Hong Kong, India, Indonesia, Malaysia, the Philippines, Singapore, Taiwan, Thailand, and the South Pacific. Drawing on extensive research and decades of performative experience as artists, choreographers, producers, teachers, and critics, the authors approach issues of dance and cultural diversity from a theoretical perspective while at the same time exploring change, process, and transformation through dance. The book discusses themes such as tradition, contemporization, interdisciplinarity, dance education, youth dance, dance networks, curatorial practices, and evolving performative practices of dance companies and independents. It also looks at regional networking, curating dance festivals and spaces that foster collaboration, regional cooperation, and cultural exchange, which are essential features of dance in Asia and the Pacific. This collection will be of interest to students and researchers of pedagogy, choreography, community dance practice, theatre and performance studies, social and cultural studies, aesthetics, interdisciplinary arts, and more. It will be an invaluable resource for artists and practitioners working in dance schools and communities.

[Galaxy Golden Stars of the Silver Screen](#) Jul 01 2022 ?This book hopes to capture some of the magic created by the famous stars –heroes, heroines, villains, comedians, character actors- as well as playback singers and music directors and of course, directors of the golden era of Hindi cinema that spanned the 1960s and 1970s. This magic still lives on and I hope this book will play a role in keeping it alive and passing it on to the coming generations. The genius of these towering personalities does not end with them- it provides a peep into a time that had a romance and artistic feel all of its own. I was fortunate to have been part of it since my childhood, when the love affair with Hindi cinema started. My parents simply loved to watch films and my brother and I always went with them. So we were initiated into this magical world quite early in life And it stayed with us alongwith lingering memories of songs and stars on cinema screens in theatres now long vanished. This magic, those memories, that fascination is now pushing me to put on paper my love for Hindi cinema's most beautiful era. Through my personal fondness and emotional connection with the films and stars of this era, I hope to bring a warm touch to their profiles. With this nostalgic lens, I hope to bring out the features no longer visible in present-day films, their themes or characters. This book takes one back into a world where emotions, romance, melody and a very different set of moral values prevailed in our cinema. Charisma too was a dominant force on the silver screen and my book highlights its various ineffable aspects. Chetan Anand's fine directorial skill, Raj Kapoor's showmanship, Dilip Kumar's perfection as the king of tragedy, Madhubala's ethereal beauty and vibrancy or Dev Anand's

[Bollywood's India](#) Mar 05 2020 Bollywood is India's most popular entertainment and one of its most powerful social forces. Its blockbusters contest ideas about state formation, capture the nation's dispersed anxieties, and fabricate public fantasies of what constitutes "India." Written by an award-winning scholar of popular culture and postcolonial modernity, Bollywood's India analyzes the role of the cinema's most popular blockbusters in making, unmaking, and remaking modern India. With dazzling interpretive virtuosity, Priya Joshi provides an interdisciplinary account of popular cinema as a space that filters politics and modernity for its viewers. Themes such as crime and punishment, family and individuality, vigilante and community capture the diffuse aspirations of an evolving nation. Summoning India's tumultuous 1970s as an interpretive lens, Joshi reveals the cinema's social work across decades that saw the decline of studios, the rise of the multi-starrer genre, and the arrival of corporate capital and new media platforms. In elegantly crafted studies of iconic and less familiar films, including Awara (1951), Ab Dilli

Dur Nahin (1957), Deewaar (1975), Sholay (1975), Dil Se (1998), A Wednesday (2008), and 3 Idiots (2009), Joshi powerfully conveys the pleasures and politics of Bollywood blockbusters. **Longevity: a Vedic Approach** Dec 02 2019 The correct judgement of longevity is highly complex, but is equally important and sought after. "Knowing longevity is difficult even for gods" said sage Parashar. Any prediction made without considering it may make the prediction a laughing stock of both the astrologer and astrology. The time span between birth and death of a native is called his longevity. Longevity and death are not the same but are closely related. However it is not yet clear what death is. Our scriptures have at various places equated death with different types of Mrityu Tulya agonies which are different from physical death. Again the destiny of each one of us is interlinked with our close kith and kin and our relationship with them is pre-determined, predestined and irrevocable. Death is severing of final link of a native with them. Hence a native's death must get corroborated / confirmed in the horoscopes of his close relations. An attempt is made in this book to address all such issues. The book is a study of about 225 natives who had lived and died in different countries at different time, at different age and of different causes, applying known tools of astrology. The book is an attempt to help clear some mist and enable to have a better judgement of longevity.

**Marketing Analytics** Sep 10 2020 The authors of the pioneering Cutting-Edge Marketing Analytics return to the vital conversation of leveraging big data with Marketing Analytics: Essential Tools for Data-Driven Decisions, which updates and expands on the earlier book as we enter the 2020s. As they illustrate, big data analytics is the engine that drives marketing, providing a forward-looking, predictive perspective for marketing decision-making. The book presents actual cases and data, allowing readers invaluable real-world instruction. The cases show how to identify relevant data, choose the best analytics technique, and question the link between marketing plans and customer behavior. Dealing with actual scenarios sheds light on the most pressing marketing questions, such as setting the optimal price for one's product or designing effective digital marketing campaigns. Big data is currently the most powerful resource to the marketing professional, and this book illustrates how to fully harness that power to effectively maximize marketing efforts.

**Driven** May 19 2021 What makes Virat Kohli the undisputed monarch of the cricket world today is not his iconic status in the sports hierarchy but that the highest praise comes from the opposition camp and past greats. However, his family didn't always have it good. No stranger to loss, Kohli's biggest support both on and off the field – his father, succumbed to a cerebral stroke when he was very young. In a fitting tribute that would've made his old man proud, Kohli returned to continue an innings just a few hours after his father passed away. 'He was the one who drove me to practice every day,' the captain of the Indian Test team recalls with characteristic humility and grace. Widely travelled sports journalist Vijay Lokapally goes on to recount happier times on the journey of Virat's rapid rise to international stardom, an account punctuated with little-known stories by his fellow players, coaches and intimates. At 27, he has already been the recipient of countless accolades including the Arjuna Award, the title of BCCI's 'international cricketer of the Year' as well as the ICC's 'ODI Player of the Year', but for Kohli it's not about the money or the fame, or the roar of the crowds or the flattering attention from women of all ages. Few know of his altruistic nature and his dedication to numerous charities for under-privileged children. What has not escaped the public eye though, is how this wizard of the willow wears his heavy mantle with such insouciant ease.

**Arbitration in India** Mar 17 2021 India has a long-standing tradition of dispute resolution through arbitration, with arbitral-type regulations going back to the eighteenth century. Today, amendments to the 1996 Indian Arbitration Act, a steady evolution of case law and new arbitral institutions position India's vibrant system once more at the forefront of international commercial dispute resolution. In this handbook, over forty members of the international arbitration community in India and beyond offer authoritative perspectives and insights into topics on arbitration that matter in India. International arbitration practitioners, Indian practitioners, and scholars have combined efforts to produce a practical and informative guide on the subject. Among numerous notable features, the contributors provide detailed analysis and description of such aspects of arbitration as the following, with a focus on the Indian context: Indian application of the 1958 New York Convention; law governing the merits of the dispute and awards; investor-state dispute settlement; drafting arbitration clauses for India-centric agreements; managing costs and time; rise of virtual arbitration and technology; effect of public policy in light of extensive Indian jurisprudence; and arbitration of claims relating to environmental damage. Practical features include checklists for drafting arbitration clauses and a comparative chart of major commercial arbitration rules applicable to India. Also included is a comparative analysis of arbitral regimes in India, Singapore and England; chapters on the India Model Bilateral Investment Treaty and ISDS reforms; a special section on the enforcement of foreign awards; a section on the drafting of the award guided by leading arbitrators and stakeholders and a review of the new 2021 ICC Rules. For foreign counsel and arbitrators with arbitrations in India, this complete and up-to-date analysis provides guidelines for practitioners, corporate counsel, and judges on considerations to be borne in mind with respect to arbitration with an Indian nexus and whilst seeking enforcement and execution of an arbitral award in India. It will prove an effective tool for students and others in understanding and navigating the particularities and peculiarities of India's system of domestic and international commercial arbitration.
